Introduction

Welcome to the Healthcare Website user manual. This guide will help you navigate and utilize all the features of the website effectively.

Home Page

The home page provides an overview of the website, including navigation to different sections, information about the services, and a brief introduction to the healthcare facility.

- **Header:** Contains the navigation menu and the website logo.

- **Content:** Welcome message with a call-to-action button for getting in touch.

Navigation Menu

The navigation menu helps users quickly access different sections of the website. It includes links to:

- Home
- Services
- Doctors
- Appointment
- Reviews
- Contact

Note: On smaller screens, the menu transforms into a hamburger icon. Clicking this icon reveals the navigation links.

Icons Section

The icons section provides a quick overview of key healthcare services. Each icon represents a different service and includes a brief description.

Services Section

This section showcases the various services offered by the healthcare facility. Each service is presented in a box with an image, title, description, and a button to learn more or get started.

Doctors Section

The doctors section introduces the medical professionals at the facility. Each doctor's profile includes:

- Photo
- Name
- Specialization
- Social media links (if any)

Appointment Booking

The appointment section allows users to book an appointment online. The form includes fields for:

- Name
- Email
- Phone Number
- Appointment Date
- Appointment Time
- Message

After filling in the form, users can submit their appointment request by clicking the "Submit" button.

Book a Visit

This section provides another option for users to book a visit to the healthcare facility. The form is similar to the appointment booking form and includes fields for:

- Name
- Email
- Phone Number
- Visit Date
- Visit Time
- Message

Reviews Section

The reviews section displays testimonials from patients. Each review includes the patient's photo, name, and feedback. Star ratings are also shown to reflect the overall patient experience.

Contact Section

The contact section allows users to get in touch with the healthcare facility. It includes:

- A map showing the facility's location
- A contact form with fields for Name, Email, Phone Number, and Message

Users can fill out the form and click "Submit" to send their inquiries.

Footer

The footer provides additional navigation links and contact information. It includes sections for:

- **Quick Links:** Links to important pages
- **Contact Information:** Address, phone number, email
- **Social Media Links:** Icons linking to the facility's social media profiles

Responsive Design

The website is designed to be responsive and works well on various screen sizes, from desktops to mobile devices. The layout adjusts automatically to provide an optimal viewing experience.

Key Points:

- The navigation menu transforms into a hamburger icon on smaller screens.
- The font size and layout adjust for readability on different devices.
- Forms and buttons are touch-friendly for mobile users.

Troubleshooting

If you encounter any issues while using the website, try the following steps:

1. **Refresh the page:** Sometimes a simple refresh can fix loading issues.
2. **Clear browser cache:** Cached data might cause display problems.
3. **Check your internet connection:** Ensure you have a stable connection.
4. **Contact support:** If issues persist, use the contact form to reach out to the support team.

Conclusion

This user manual provides an overview of the features and functionalities of the healthcare website. For further assistance, please use the contact form to get in touch with our support team. Thank you for choosing our healthcare services!
